## ABOUT ME

I am currently studying Information Systems at PUCPR and actively seeking opportunities focused on back-end development.

I am interested in working with technologies such as Java, Spring Boot, Python, JavaScript, PostgreSQL, Docker, and AWS.

## PROFESSIONAL EXPERIENCE

### BELLINATI PEREZ

IT Intern | Dec 2024 - Feb 2025

- Ensured the integrity and security of IT infrastructures.
- Identified anomalies and threats in logs.
- Mitigated security risks.
- Prepared reports on incidents and risks.
- Assisted in the resolution of security incidents.
- Verified the effectiveness of security measures.
- Conducted continuous security inspections.
- Gained knowledge in cybersecurity, deepening expertise in security practices and incident response.
